Re: Water Right Preliminary Permit 37-22779, and Eagle Creek Irrigation
Company Water Right 37-863E

Dear Mr. Merritt:

I am writing in response to your July 15 letter transmitting the Preliminary Order for approval of this water permit. I appreciate your allowing me to review the draft order and for making the changes which were discovered. However, there remains one error in the Preliminary Order which needs to be corrected.

The point of diversion which is listed on the Preliminary Order as the NW1/4 NE1/4 Section 23 should be the SW1/4 SE1/4 Section 14. The currently listed POD is a well which serves an irrigated parcel belonging to the Stevens, but associated with water right 37-21428 and not with the larger 12.9 acre parcel in the NW1/4 NE1/4 Section 14; which is the POU for 37-21427 and the proposed POU for water right 37-22779.

On behalf of Robert G. and Carol Stevens, I am petitioning to have the stated location for the point of diversion for Water Right Permit 37-22779 designated on the approved permit in the SW1/4 SE1/4 Section 14 T5N R17E as shown on the attached aerial photo.

Sincerely,

Charles E. Brockway P.E., PhD.
