Re: ownership change and new use

I met with Mr. James Nelson as part of office day duties on July 24, 2014. He wanted information on establishing a water right for a very recently acquired a property. With his assistance I located the property using ArcMap. I found that it appears to be associated with the above decree. I provided Mr. Nelson the ownership change form, a map and some instructions for completing and submitting the ownership package. He did not yet have a copy of the deed but expected it from the realtor soon.

Mr. Nelson expects to park and live in an RV on the property and he hopes to develop an additional use from the spring. So I also gave him an application for permit form and instructions for completing it.

Mr. Nelson's cell phone is 208-908-2301.
