RE: WATER SUPPLY BANK LEASE CONTRACT FOR RIGHTS 37-153C and 37-2644D

Dear Lessor:

Water Rights 37-153C and 37-2644D were leased into the Water Supply Bank on July 2, 2014 in accordance with the executed original Lease Contract enclosed. **Your water rights as described on the Lease Contract are considered leased into the Bank and should remain unused until they are formally released from the Bank.**

The rights will automatically be released from the Bank on **December 31, 2018**, unless the rights are released earlier by the Board, or upon your request. **Please note your rights may not be available for immediate release if they have been rented.** To release the right from the Bank prior to the release date, submit a written request on the *Request to Release a Water Right from the Bank* form. This form is available from our public website at www.idwr.idaho.gov.

Please review the conditions of acceptance listed on the Lease Contract, including #3 which says:

"While a right is in the bank, **the lessor may not use the right** without approval of the department even if the right is not rented from the bank. Any violation of the terms of this lease may result in enforcement procedures pursuant to Idaho Code § 42-351 for illegal diversion and use of water and may include civil penalties pursuant to Idaho Code § 42-1701B."

RE: APPLICATION(S) TO LEASE WATER RIGHT(S) 37-153C and 37-2644D TO THE WATER SUPPLY BANK

******TIME SENSITIVE RESPONSE REQUIRED******

Dear Applicant:

The Department of Water Resources has completed its review of your application to lease the above-mentioned water right to the Water Supply Bank. **I have enclosed two original Water Supply Bank Lease Contracts for your review and signature. Please sign and return BOTH Lease Contracts within 14 days.** Upon signature and return of the contracts, the Department will also sign the original contracts and return an executed copy to you. The Lease Contract is not considered final until you and the Department have both signed.

The rights will automatically be released from the Bank on **December 31, 2018**, unless the rights are released earlier by the Board, or upon your request. To release the right from the Bank prior to the release date, submit a written request on the Request to Release a Water Right from the Bank form. To propose a new lease period, submit a new Application to Sell or Lease a Water Right to the Water Supply Bank form along with applicable fees to the Department. These forms are available from any IDWR office or from our public website at <http://www.idwr.idaho.gov>. Please note your rights may not be available for immediate release if they have been rented.

Please review the conditions of acceptance listed on the Lease Contract, including #3 which says:

"While a right is in the bank, **the lessor may not use the right** without approval of the department even if the right is not rented from the bank. Any violation of the terms of this lease may result in enforcement procedures pursuant to Idaho Code § 42-351 for illegal diversion and use of water and may include civil penalties pursuant to Idaho Code § 42-1701B."

MEMORANDUM

To: Water Right No(s). 37-153C and 37-2644D

From: Jean Hersley

Date: 7/14/2014

Re: Review of Applications to Lease Water Rights to the State Water Supply Bank

PURPOSE/NARRATIVE: The Department received these applications on July 2, 2014. The applicant wants to put the entirety of each right in the Bank. These rights overlap so the lease will be limited to 2.7 acres. 37-2644D is a groundwater right and 37-153C is a surface water right from Greenhorn Creek.

AUTHORITY TO FILE: James P Speck signed the application on behalf of the Jones Trust.

WATER RIGHT VALIDITY: These rights were decreed in 2010 so forfeiture is not an issue.

INJURY TO OTHER WATER RIGHTS: No injury is apparent.

ENLARGEMENT OF USE: No enlargement is evident through the lease alone. Proper rental review should protect against enlargement.

LOCAL PUBLIC INTEREST: Review staff has no information to suggest this application is inconsistent with the local public interest.

BENEFICIAL USE/CONSERVATION OF WATER RESOURCES: The lease appears consistent with the conservation of water resources in Idaho.

DEPARTMENT STAFF OR WATERMASTER COMMENTS: The leased right(s) are subject to Water District # 37. Region staff and watermaster have no concerns.
