Subject: Water Right Change in Ownership 61-10855

Shelley,

IDWR processed the change in ownership for this right in 2006. Unfortunately, the entire water right was placed in the name of our client (Wagon's Landing), but the land in the NW1/4 does not belong to them. The deed in the file appears to be clear. How do we straighten this out? Our client wants to file a transfer application on the portion they own, and the neighbor is trying to sell his portion.

Let me know if there is anything SPF can do. I have a GIS shapefile and "split tree" prepared for the right that I can share, if that is helpful.

Thanks!
