Subject: Petition for Reconsideration of Condition of Approval no. 4 of Water Right License No. 71-10897

Dear Mr. Merritt:

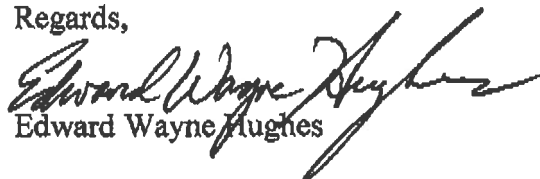

The subject water right for Domestic use issued effective 15 July, 2014 includes 4 Conditions of Approval. Condition of Approval no. 4 states "Domestic use is for 1 home and does not include lawn, garden, or other types of irrigation."

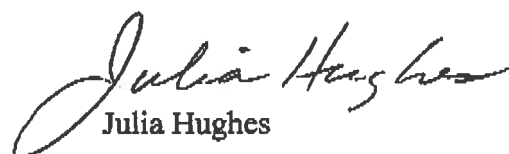

"Domestic purposes" is defined by statute as "(a) **the use of water for homes, organization camps, public campgrounds, livestock and for any other purpose in connection therewith, including irrigation of up to one-half (1/2) acre of land,** if the total use is not in excess of thirteen thousand (13,000) gallons per day, or (b) any other uses, if the total use does not exceed a diversion rate of four one-hundredths (0.04) cubic feet per second and a diversion volume of twenty-five hundred (2,500) gallons per day."

Although there is a surface water right for this property, the surface water right use is restricted to a small portion of the total year.

In accordance with the provisions of Idaho's statutes we believe that Condition of Approval no. 4 denies us of our rights granted under Idaho law. We request that Condition of Approval no. 4 be removed from this Water Right License and the License re-issued.

Regards,

Edward Wayne Hughes
