RE: PERMIT 65-23111; Water Right Clarification

Dear Permit Holder:

We have reviewed your plan for disposal of the discharge water from the School's heating/cooling system, pursuant to permit 65-23111. The report submitted by Mink GeoHydro Inc. explains how the permit holder plans to discharge water into a storm water infiltration basin owned by the City of Cascade. Based on the data presented, we agree that the discharge would be non-consumptive. This satisfies Condition No. 4 of the water right permit.

Sincerely,

A handwritten signature in black ink that reads "Ashley Newbry".

Ashley Newbry
Associate Engineer
Water Right Section
