Subject: Transfer # 79296 (Amalgamated Sugar) Petition for Reconsideration

Candace Mchugh called and indicated they would be filing a petition for reconsideration on this transfer. She indicated that she would be filing it up at the state office. The items of concern are...

- PODs described to 10 acre tract, rather than 40 acre tract
- Right 36-2237 is missing 0.5 cfs of use from 4/1 to 7/31. It looks like this is probably a SRBA decree/water right database mess up that existed prior to the transfer.

I thought I would give you two a heads up on this.
