RE: Change in Ownership Water Right No. **27-2052 & 27-2054**

Dear **Sir/Madam**:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Ownership:** The department contacted you on September 17, 2013, but phone and sent letters on November 22, 2013 and March 7, 2014 regarding additional evidence of ownership for the above mentioned water rights, or an additional filing fee in order for the department to split the water rights. You have contacted us to inform the department that there is a correction deed that will need to be filed. The department has not received the correction deed at this point. Please submit the correction deed indicating your ownership in the entire water right or the additional fee for the department to split the water rights.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
