RE: Water Permit #63-33495

Dear Mr. Hardziej:

Thank you for letter of December 4, 2012 that provided the flow rate on your new well authorized under the above water permit. Your letter also requested the permit be licensed.

Our records indicated that proof of beneficial use for permit #63-33495 is not due until January 1, 2017. If the project proposed under your permit is complete and you desire it to be licensed, you certainly may file proof of beneficial use early. Please complete the enclosed beneficial use form with the appropriate fee, and submit it to the Department (instructions enclosed).

Should you have questions, please contact me at the Western Regional Office, phone 334-2190.

Sincerely,

John Westra
