PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 95-16190

Dear Permit Holder(s):

The Department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the Department to conduct a field examination to determine and confirm the use being made of the water.

During my review of your proof statement and your water appropriation permit, I noticed that you stated a rate of diversion greater than the maximum diversion rate allowed under this permit. On your proof statement, you stated that your total rate of diversion is .26 cfs. However, this permit is limited to a maximum diversion rate of 0.20 cfs. I have enclosed a copy of your proof statement and a copy of this permit for your reference. If needed, you may apply for another water right to cover additional water use. Application forms are available from any department office, or at the department's website at: www.idwr.idaho.gov

Based on the maximum diversion rate of 0.20 cfs allowed under this permit, the license examination fee for this water right is \$50.00. Therefore, I will initiate the process to refund the extra \$50.00 you submitted. You should receive a State of Idaho check for \$50.00 within ten (10) business days under separate cover.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office.

If you have any questions concerning the field examination, please contact the Northern Regional Office of the Department in Coeur d'Alene at (208) 762-2800.

Sincerely,

Darla Block
Technical Records Specialist

PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 74-15807

Dear Permit Holder(s):

The department acknowledges receipt of the proof of beneficial use form ("proof") submitted for the above referenced permit. During my review of your proof statement and water appropriation permit listed above, I found that condition no. 4 of this permit may not have been complied with.

Condition no. 4 of this permit states:

"Prior to diversion of water under this right, the right holder shall install a lockable device, subject to the approval of the Department, in a manner that will provide suitable control of the diversion."

I recommend that this condition be complied with immediately and prior to the field examination. If you feel this requirement is unnecessary you may request in writing to the Department that the requirement be waived. Additionally, you must contact the watermaster about his need for this requirement. If he agrees that the lockable device requirement is unnecessary, request that he/she provide the Department with written agreement that the requirement can be waived at this time. Upon receipt of your request and his acknowledgement the Department will issue an order waiving the requirement at this time.

In addition, I noticed that you stated commercial use is for a 20 unit trailer park. This permit is limited to commercial use for 10 trailer park units. You must limit your water use to the use permitted. If needed, you may apply for another water right to cover additional water use. I have enclosed a copy of your proof statement and a copy of the permit for your reference. Application forms are available from any Department office, or at the Department's website at: www.idwr.idaho.gov

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have any questions regarding the permit conditions, please call me at (208)287-4945. If you have any questions concerning the field examination, please contact the Eastern Regional Office of the department in Idaho Falls at (208) 525-7161

Sincerely,

A handwritten signature in black ink that reads "Darla Block". The signature is fluid and cursive, with the first name "Darla" and last name "Block" clearly distinguishable.
