

8/10/13

To the best of our knowledge  
the water assigned to the  
south 20 acres of the NWNH  
is to be assigned to that acreage  
that is now owned by  
J. J. Swensen.

This water was previously  
assigned to Mary Swensen.  
This would be 20 inches  
of water.

approved by the undersigned.
