Re: Robinson Change of Ownership
Project No. 1272-01-2014

Dear Allen,

Enclosed with this letter is a Notice of Change in Water Right Ownership. Nathan and Kaydee Robinson purchased approximately 113 acres from Howard and Karen Robinson on December 31, 2013. The Quit Claim Deed contains language that all water and water rights appurtenant to the property were also conveyed. The water rights on the property consist of four irrigation rights and one stockwater right. The irrigation rights are limited to 90 acres within 130.8 acre PPU. The intent of the original sale and deed was to convey all of the water rights from Howard and Karen Robinson to Nathan and Kaydee Robinson, however not all of the PPU area was included in the sale. Therefore, Howard and Karen Robinson also signed a quitclaim deed for the water rights to clear up any potential confusion over water right ownership that might arise.

As a result of the change of ownership, the irrigation rights will be limited to 90 acres of irrigation within a smaller PPU boundary (approximately 113 acres) and the portion of land that was in the PPU boundary (NWNE Section 35 T13S R22E) will not have any irrigation water.

We have enclosed the ownership change fee and a map of the area. If you have any questions, please do not hesitate to contact me.

Sincerely,

G. Erick Powell, P.E.

enclosed
