RE: Change in Ownership Water Right No. 11-4064, 29-523, 29-526, 29-10169 & 29-10168

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Ownership:** According to the notes on the file the department has contacted you requesting additional information. It appears the deeds we received with your application does not cover the entire place of use of the water rights. Also according to the departments records the current owner of the water rights are Don Rigby and/or Virginia Rigby individually. Therefore in order to complete your ownership change a full chain of title is required. Please provide a full chain of title and either evidence of ownership for the entire water right or the additional filing fee in order for the department to split the water rights.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
