Re: Protest of Application for Permit 63-33913 (Shirley Christensen)

Dear Ms. Curtis,

As attorney for the Black Canyon Irrigation District, I hereby advise you that the Black Canyon Irrigation District as protestant and Ms. Shirley Christensen as applicant for permit 63-33913, have reached an agreement to resolve this conflict. The Agreement is as follows:

That the water right permit granted to the applicant (Shirley Christensen) provides that the pump, which will be utilized to bring the ground water to the surface, shall be equipped with a Doppler Meter which shall be maintained and operated at all times that the pump is operating.

With the adoption of this provision in the water right, Black Canyon Irrigation District withdraws its Protest.

Very Truly Yours,

McDEVITT & MILLER LLP

Chas F. McDevitt
Attorney for Black Canyon Irrigation District
