This is the one that has to wait until next month because I got it after the cutoff for entering interagency billings.

Back to work after a refreshing evening??? Hope you had a great evening.

I think I sent this down to you the end of last week – and am wondering if you also have a BILL number for that WR Application 94-7570, Mitchell – protested by IDFG? It came in separate from the other three.

Thanks very much for your help,

Dianne
