Department of Water Resources
Eastern Region

Mr James Cefalo

Thank you so much for your attention to detail. This really helped me complete the information needed to get the water right transferred to the correct name. I am submitting everything you have requested as far as I can tell. If you are still missing information, please do not hesitate to let me know and I will be happy to provide you with supplemental information as necessary. I do have some additional questions for you:

- On the minimum requirements checklist under #2a, it says I need to submit the water right ownership documentation if the department records do not show the applicant as the current water right owner. Do the legal documents demonstrating transfer of property include the transfer of water right?
- It is important that the water rights documentation lists that we have owned the water rights since the original 1902 decree. Will this transfer of water rights show the original date of ownership as of 1902?

Please do not hesitate to contact me for any reason. You are welcome to call me at home 801-571-6933 or my cell phone 801-750-6300. You can email me at stevehirschi@gmail.com or mail me at 9858 S Blossom Drive, Sandy, UT 84092. Thanks again for your help.

P.S.

James,
could you please call
me when you get this information
I have just a couple of questions
that will be easy when we
are both looking at the applications
Thanks so much

Sincerely,

Stephen R Hirschi
