REQUEST FOR EXTENSION OF TIME

To provide additional time in which to submit proof of beneficial use for a water right permit

The Idaho Department of Water Resources will consider this form a request that the permit holder(s) be granted an additional period of time under the provisions of Section 42-204, Idaho Code, in which to complete development of a water right and file proof of beneficial use of water. There is a **FILING FEE** of \$50.00 to be included with this form when filed with IDWR.

Permit no. 95-10454 Date proof is due 2014

Describe what work has been completed toward the development of this water right:

If no work has been completed, show "none".

StoneRidge Utilities currently has a three well field, which is used to pump water to its municipal water system. The well field has two pumps installed at this time. Inside the meter building, plumbing has been installed to meter all three wells.

Costing \$ NA

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

Due to the economy and lack of development at this time the need for the 3rd well to be brought online to the system is not cost effective. Therefore the cost of a pump, the electrical and plumbing required to do so would create an unnecessary hardship at this time.

Permit holder(s) request an extension for 5 year(s).
