Department of Water Resources
Eastern Region

To James Cefalo

James your letter of
June 16-2014 on Water Right
15- 7367 still hasn't address
the issues of 2.4 AF/AK, Reading
the meter 2x/year, and
canceling the water right if
it exceeds 160 AF/year.

I have contacted the other
protestors and Brian Higgs
and they agreed these issues
must be addressed, before
we will sign off on this protest

Sincerely
Stephen P. West
