Re: Transfer No. 78941
Water Right No's: 2-7032, 2-10313

Dear Water Right Holders:

Page 1 of the corrected transfer mailed to you May 29, 2014, included an error under summary information for right 2-7032 *before* the transfer. It showed a portion of the right *after* the approved change instead of the entire right before the change. Apparently this was a programming problem in our computer system. Please substitute the enclosed page 1 for the May 29 version.

Page 4 of the corrected version omits two conditions of approval typically included with transfer approvals: complete the change in one year, and possible rescinding of approval. Those were not used in the corrected version since right 2-7032 after transfer approval is simply the remaining portion of the original right that will be diverted at the Grand View Mutual Canal. Right 2-10503 is the portion from original 2-7032 to be diverted at the Bybee Canal, a physical change where those two conditions of approval are appropriate. Also, referencing "old rights 2-7032A and 2-7032B" in right 2-10503 does not make things more clear, which is why that condition of approval was omitted.

We apologize for any inconvenience in this matter. Thank you for your diligent review of the approval documents to ensure correct results for your water rights. If you have any questions, please contact me at 208-334-2190.

Sincerely,

for:

John Westra
