Ann,

We will accept the scanned copy of the agreement. Often times, IDWR is only provided copies of contested case settlement agreements. Thank you for being willing to engage in informal settlement discussions with applicants.

James

Subject: 74-15964 Stephenson Application

Hello,

IDFG protested application for permit 74-15964 (Stephenson). IDFG worked with the Stephensons to come to a settlement. We have a stipulation signed by the Stephensons. I requested that IDFG send me the original for signature, however, the original appears to have gotten lost in the mail. We do have a scanned copy. Would IDWR accept a scanned copy with the Stephensons' signature (and my original signature)? If not we will need to get the Stephensons to resign an original. Let me know if the scanned copy is acceptable.

Thanks,

Ann Vonde
