PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 37-22672

Dear Permit Holder(s):

The Department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. During my review of your proof and water right permit, I found two conditions of this permit that may not have been complied with.

Condition no. 7 of this permit which states:

"Prior to diversion of water under this right, the right holder shall install a lockable device, subject to the approval of the Department, in a manner that will provide the watermaster suitable control of the diversion."

Condition no. 8 of this permit which states:

"The right holder shall install or construct a straight length of conduit or ditch suitable for installation of a device for measuring the entire flow of water being diverted in connection with this right. If the right holder uses conduit, the straight length of conduit shall be at least fifteen times the diameter of the conduit and shall be above ground or otherwise easily accessible."

I recommend that these conditions be complied with immediately and prior to the field examination. Enclosed is a copy of this permit for your information. The next step in the process of developing a water right is for the Department to conduct a field examination to determine and confirm the use being made of the water.

In addition, this permit is for irrigation use only. I noticed that you stated a larger number of irrigated acres than was permitted. On your proof statement you stated that you are irrigating 5 acres. Your permit is limited to 4.4 acres of irrigation. You must limit your irrigation use to the permitted amount. I have enclosed a copy of your permit for reference. You may apply for another water right to cover any additional acreage for irrigation use. Application forms are available from any department office, or at the department's website at: www.idwr.idaho.gov

Be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office, or at the Department's website at: www.idwr.idaho.gov

If you have any questions regarding the permit conditions, please call me at (208)287-4945. If you have any questions concerning the field examination, please contact the Southern Regional Office of the Department in Twin Falls, Idaho 208-736-3033.

Sincerely,

A handwritten signature in black ink, reading "Darla Block". The signature is fluid and cursive, with the first name "Darla" and last name "Block" clearly distinguishable.
