CONDITIONS APPLICABLE TO ALL RENTED WATER RIGHTS

1. The use of water under this agreement shall be subject to the provisions of Idaho Code § 42-1766.
2. Rental of the specified right from the bank does not, in itself, confirm the validity of the right or any elements of the water right, or improve the status of the right including the notion of resumption of use. It does not preclude the opportunity for review of the validity of this water right in any other department application process.
3. Use of water under this agreement does not constitute a dedication of the water to renter's place of use, and upon expiration of this agreement, the points of diversion and place of use of the water shall revert to those authorized under the water right and/or again be available to rent from the bank.
4. This rental does not grant any right-of-way or easement to use the diversion works or conveyance works of another party.
5. Use of water under this agreement shall not prejudice any action of the Department in its consideration of an application for transfer or permit filed by the applicant for this same use.
6. Renter agrees to comply with all applicable state and federal laws while using water under this agreement.
7. Renter agrees to hold the Board, the Director and the state of Idaho harmless from all liability on account of negligent acts of the renter while using water.
8. Renter acknowledges and agrees that the Director may terminate diversion of water if the Director determines there is not a sufficient water supply for the priority of the right or portion thereof being rented.
9. Failure of the renter to comply with the conditions of this agreement is cause for the Director to rescind approval of the rental agreement.
10. This rental agreement does not authorize the construction of a well.
11. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.0 afa per acre at the field headgate for irrigation of the lands above.
12. Use of water under this agreement will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 120.

LIMITED POWER OF ATTORNEY

KNOWN ALL MEN BY THESE PRESENT:

I, Lance Funk and/or Lisa Funk, hereby nominate and appoint
Greg Sullivan of Brockway Engineering as my attorney-in-fact with full
authority to act for and on my behalf to undertake any and all acts or matters pertaining to Idaho
Water Supply Bank applications and water right transfers before the Idaho Department of Water
Resources for the following water right transactions:

All water rights, applications and transactions pertaining to water rights in which I
own, applied for or have a security interest in Water Basin 35 of the State of Idaho.

in Power, Bingham County, Idaho. Additionally, I hereby ratify and confirm any and
all such acts on matters as contemplated herein.

My agent is hereby authorized to sign, seal and deliver, as my act in deed, those said
instruments of writing that may be necessary or proper to carry into execution and effect the
applications, and transfers above-mentioned. Further, I hereby declare that each and every
application, transfer, agreement, receipt, or payment which shall be by my said agent given,
made or done for the aforesaid purposes shall be as good, valid, and effectual as if they had
been signed, sealed, and delivered by me in my own proper person; and I hereby undertake at
all times to ratify whatsoever my said agent shall lawfully do or cause to be done in or
concerning the said premises by virtue of these present. This Limited Power of Attorney will
become void upon my written request submitted to the Idaho Department of Water Resources.

Run out one way analysis. If reach depletions go up, it is a debit, if they go down, it is a credit. Sum all debits, only where mitigation is required (dark yellow), and all credits (light yellow). Mitigation is required for the full amount of the summed values if greater than zero.

Transient state analysis represents mitigation requirements for the worst or maximum time step in the model run.

[illegible]

Evaluation of transit state mitigation requirement is not comprehensive across all time steps. Instead this evaluation finds the maximum stream depletion following the start of the transfer and looks at depletion amounts from that time step. In many instances this depletion is greater than the depletion associated with the steady state condition or final time step. This evaluation is merely an indicator of whether transient depletions must be considered, not an indicator of all transient impacts.

**RE: RENTAL OF WATER FROM THE WATER SUPPLY BANK
WATER RIGHT NO(S). 35-8362**

Dear Renter:

Please find enclosed a receipt in the amount of **\$4,420.00** and a copy of a fully executed Water Supply Bank Rental Agreement in connection with the rental of 260 acre-feet of water for irrigation of 65 acres during 2014. Upon receipt of this fully executed agreement, you are authorized to divert water in compliance with the conditions of water use described in the agreement.

Pursuant to the Water Supply Bank Rules, 90% or \$3,978.00 of the rental fee will be paid to the lessor(s) and 10% or \$442.00 will be retained by the Department to offset administrative costs.

If you have any questions, please contact me at (208) 287-4944.

Sincerely,

for

Clay,

I called and talked with Lance. He thought that he had signed and mailed in the contract. However, he and his staff are going to dig through their records and confirm that a check was written and the contract signed. I will get down to the bottom of this by the end of the day.

**RE: APPLICATION TO RENT WATER FROM THE WATER SUPPLY BANK
WATER RIGHT NO(S). 35-8362**

*****TIME SENSITIVE RESPONSE REQUIRED*****

Dear Applicant:

The Department of Water Resources acknowledges receipt of your application to rent water from the Water Supply Bank. **I have enclosed a Water Supply Bank Rental Agreement for your review and signature.** Upon signature and return of the original agreement, together with the rental fee described below, the Department will also sign the original agreement and return an executed copy to you. Execution of the agreement and compliance with the conditions of approval authorize diversion and use of water as provided in the agreement.

A rental fee of \$4,420.00 was calculated based on the current rental rate of \$17.00 per acre-foot times a diversion volume of 260.0 acre-feet. An annual payment shall be received by the Department prior to the execution of this agreement and prior to February 15 in all subsequent years for the duration of the rental period. The agreement will be void if payment is not received prior to the due date in a given year. If you would like to terminate the agreement prior to the end of the rental period, you must submit written notice of your intent to the Department at least 30 days prior to the rental fee due date.

Please send a check for \$4,420.00 made payable to the Idaho Department of Water Resources, **together with the signed rental agreement, within 14 days** so I can complete processing. Pursuant to the Water Supply Bank Rules, 90% or \$3,978.00 of the rental fee will be paid to the lessor(s) and 10% or \$442.00 will be retained by the Department to offset administrative costs.

Re: Review & Analysis of Lance and Lisa Funk Application to Rent Water from the State Water Supply Bank

PURPOSE/NARRATIVE: On March 3, 2014, Greg Sullivan submitted an application to rent water from the State Water Supply Bank on behalf of Lance and Lisa Funk. The application proposes to rent water to irrigate 65 acres in Twp 7S Rge 30E sec 24 for 2 years, beginning with the 2014 irrigation season. The consultant refers to this place-of-use as field 112 or the Jahnke farm.

The proposed point-of-diversion is an existing well which appears to have been drilled in 1987 for domestic use.

AUTHORITY TO FILE: According to available Power County taxlot information, Orion Industries, LLC owns the proposed place-of-use near American Falls Reservoir. Greg Sullivan confirmed that the Funks are renting this field from Orion Industries.

Greg Sullivan has limited power of attorney to act for Lance and Lisa Funk. He signed the application.

WATER RIGHT VALIDITY: Water Right 35-8362 is leased to the State Water Supply Bank through 2017. It is available to rent.

A review of aerial photography shows that the water right appears to have been idled at the authorized place-of-use.

INJURY TO OTHER WATER RIGHTS: No injury is apparent. ESPA modeling of this water rental was provided. I reviewed it and although there was an error in Mr. Sullivan's data entry, I concur that no mitigation is required.

ENLARGEMENT OF USE: No enlargement is evident through the rental.

LOCAL PUBLIC INTEREST: Review staff has no information to suggest this application is inconsistent with the local public interest.

BENEFICIAL USE/CONSERVATION OF WATER RESOURCES: The rental appears consistent with the conservation of water resources in Idaho.

DEPARTMENT STAFF OR WATERMASTER COMMENTS: The rented right is for groundwater subject to Water District #120. Eastern Region will be consulted.

I requested and received the POU shape file from the consultant.

Subject: RE: WSB rental for Lance-Lisa Funk on field 112 (Jahnke Farm)

Michele,

I do not have any concerns with the proposed WSB rental. It will address a potential violation from the 2013 irrigation season. Please be aware, the Jahnke property is not being irrigated from a domestic well. There is an old, unrecorded irrigation well on the property. We should not request additional fees.

Subject: WSB rental for Lance-Lisa Funk on field 112 (Jahnke Farm)

James,

I have been brought into the WSB team effort and have been assigned to review rental applications.

I have completed my review of a WSB rental application submitted by Greg Sullivan for Lance and Lisa Funk. They are proposing to move H. Alan Funk's right #35-8362 to the place-of-use (a.k.a Field 112 or the Jahnke Farm) near American Falls Reservoir. The property is owned by Orion Industries, LLC and rented by the Funk's.

My review memo and the consultants shape file are available in the Funk field 112 folder at the usual
N:\WRDocs\WSB\WSB PROCESSING DOCUMENTS\2014 Lease-Rentals\2014 Rentals.

Please consider this email as a request for your comment and let me know if you have any feed back or concerns about this application.

Dennis,

FYI. The proposed POD appears to be a well that was drilled for domestic use in 1987. It has probably been used for irrigation of the 65 acres in the past. I didn't find evidence that anyone submitted an upgrade fee. It may be a good time to invite the property owners to consider that.

Thank you, both.
Michele

Re: Lance Funk Rental

Dear Mrs. Skaggs:

Lance and Lisa Funk desire to rent 65.0 acres of 35-8362. The attached rental application proposes to rent 65.0 acres from 35-8362 for 2014 and 2015. There is an existing well on the property and an irrigation delivery system. The POD of 35-8362 is located in ESPA Cell 74110. The rental POD is located in ESPA Cell 92099. Model analysis of the proposed rental indicated that no mitigation would be required.

Please give me a call if you have any questions regarding this application.

Sincerely,

Greg Sullivan, M.S.
