Re: Assignment of Permit for Water Right 36-8183

Dear Mr. Hruza:

The Department of Water Resources recently received a Notice of Change in Water Right Ownership that showed you sold the property to which the above water right permit is appurtenant to Aaron Ball Farms Inc. Because this water right has not yet been licensed it is considered personal property, and requires you assign your interest to the new owner on an *Assignment of Permit* form.

I have enclosed a completed *Assignment of Permit* form for your use. Please sign and date where indicated in front of a notary public and return it to me at the above address. The filing fee was previously paid, so all I need is your signature.

Thank you for your prompt attention to this matter and please feel free to contact this office if you have any questions.

Sincerely,

A handwritten signature in cursive script, reading 'Trish Fawcett'.

Trish Fawcett
Technical Records Specialist
