Re: Review of Application to Rent Water from the State Water Supply Bank

PURPOSE/NARRATIVE: The Department received a rental application from Owyhee Farming Company LLC to rent 4.02 cfs and 802 acre feet to irrigate 200.6 acres. The lease points of diversion are within water districts 02 and 57-D. The rental point of diversion is also within 57-D. The water will be delivered through existing pumps and main lines. They will install new pivots. They want to rent the water for 5 years.

It is important to note this package contains water from Sinker Creek and The Snake River and that the applicants ought only Sinker Creek Water. Because of the way the rights are stacked, we need to rent both Sinker Creek and Snake River water and this rental package reflects that.

AUTHORITY TO FILE: The land to receive rental water belongs to the Winteramp Ranch Trust. Owyhee Farming Company is leasing the land and has submitted a copy of the farm lease agreement.

INJURY TO OTHER WATER RIGHTS: No injury is apparent.

ENLARGEMENT OF USE: No enlargement is evident.

LOCAL PUBLIC INTEREST: Review staff has no information to suggest this application is inconsistent with the local public interest.

BENEFICIAL USE/CONSERVATION OF WATER RESOURCES: The rental appears consistent with conservation of water resources in Idaho.

DEPARTMENT STAFF OR WATERMASTER COMMENTS: Comments were solicited for both Western and the water master, Chad Nettleton. Mr. Nettleton did not respond. Steve Lester replied that he had no objections so long as the pod remains at the Sinker Creek diversion.
