Re: Thomas M. O’Gara Family Trust Annual POU Map
Project No. 327-36-2011

Dear Allen,

Enclosed with this letter is a map outlining the 2014 irrigation POU within the identified PPU for the Thomas M. O’Gara Family Trust water rights. Annual notification of the irrigation area is part of the condition required of Transfer No. 76658.

This spring, the Thomas M. O’Gara Family Trust submitted lease and rental applications to the Water Supply Bank to irrigate 42.1 acres on the Clayton property. These applications are in addition to the previous approved water bank applications to irrigate 31.5 acres on Stevenson Property. This map considers all water bank lease and rental applications as if they have been approved. If the water bank applications are denied, Mr. O’Gara reserves the right to irrigate his ground up to his authorized total number of acres.

If you have any further questions, please do not hesitate to contact me.

Sincerely,

G. Erick Powell, P.E.

enclosed
