Re: Water Right Nos. 65-22950 and 65-22953

Dear Ms. Hemenway:

Pursuant to the extended deadline of February 7, 2014, I enclose Applications for Amendment for Licensing Purposes for the two (2) above-referenced water rights, signed by George Colwell along with two (2) checks in the amount of \$100.00 each to cover the filing fees. As you will note, the corrections in my January 23, 2014, email to you have been written on these Applications for Amendment. Today, I discussed this matter with Michael Ciscell on the telephone and he explained that BLM provided the subject public land system descriptions that appear to me very unusual and, therefore, questionable. My concern is that the legal descriptions may inadvertently exclude or incorrectly describe portions of the actual places of use and points of diversion. I next can discuss this matter with BLM or, perhaps, we can determine another way to resolve this matter. Please let me know if you have any questions or need anything additional in connection with this matter. Thank you.

Sincerely,

HOFSTETTER LAW OFFICE, LLC
