RE: Change in Ownership Water Right No. 22-7009

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Ownership:** According to the information provided a split will be required. According to the department's records and the Warranty Deed provided with the application the exception was at one time part of the water right listed above. If you believe that is not the case please provide additional evidence that you are the owner of the entire water right.

OR

**** **Split filing fee:** The fee for an ownership pchange resulting in a division of the water right is \$100.00 per water right. The department acknowledges you have already paid \$25.00 therefore if you agree the split is required there is an additional filing fee of \$75.00.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
