Re: Application for Permit to Appropriate the Public Waters of the State of Idaho.

The application you had submitted was missing some data. I discovered this after the application was submitted. Please review the application I have returned to you with this letter. If you agree with all the data on this application please sign and return it with the map. I have attached a map with the outline location of the place use. The map that you supplied with your application did not indicate the location of spring. Please review this map for the correct location of the place of use and point of diversion. Please make your changes to the application and map to reflect how this water of this application is to be used.

This proposal is for a very small project. It's a "for personal use" hydropower facility. The numbers that the applicant gives are reasonable. 0.1 cfs of water dropping 250 ft of height could generate about 1000 Watts (1kW) at 50 % efficiency. 1kW (1000 watts) of real-time electricity use is toward the high side but is reasonable. Average real-time use in a cabin would be ~ 300-500 Watts. The applicant is accommodating for a peak use. The domestic water use for one home. The irrigation is for 1 ac of land is this correct?

Once the department receives this additional information and fee, processing of the application can continue. If you have any questions, please call me at 208-762-2800 or email me at eric.davis@idwr.idaho.gov

THANKS FOR ALL YOUR HELP ON THIS. I WILL PLAN TO IRRIGATE FOR NOW.
IF NOT, WE CAN CHANGE THIS IN 5 YRS.

Sincerely,

KEVIN

Application For Permit No. 97-7518

Dear Applicant(s):

The Department of Water Resources has received your water right application. Please refer to the number referenced above in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the PRIEST RIVER TIMES on 5/21/2014 and 5/28/2014. Protests to this application may be submitted for a period ending ten (10) days after the second publication.

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the permit.

Please contact this office if you have any questions regarding the application.

Sincerely,

Eric Davis

Good afternoon, Shannon,

Please publish the attached legal notice on the dates indicated, May 21 and 28, 2014, (once a week for two consecutive weekly issues). If you cannot publish the notice on the proposed dates, please contact us immediately.

This should be very close to press ready for **2** column, CenturyOldStyle font, 8 pt. Might be able to copy and paste direct.

Please have the person who set this up note the **Use:** section in each area with dates and CFS offset and lined up. Should appear very close to the way submitted.

Please send a proof/preview copy for my review before this actually goes to press.

An affidavit of publication must be submitted to the Department along with the publication bill. Please send the affidavit and bill to this office before 6/9/2014. Your cooperation is always greatly appreciated.

Thanks for the way you take time to make sure our legals always look good.
