Subject: Permit 65-13604

Hi, Clay!

I am going to work on licensing this permit over here at Western Region with scanned images from the field exam. I was wondering if you could put something in the file that says I am going to work on licensing it so no one else picks it up over there. Maybe a copy of this e-mail in the file??? I just don't want someone else to pull it and wonder what is going on. Thanks!! Kay

P.S. Why aren't you in the Employee Directory? I went there to see if the name I have is actually who I was thinking about and you are nowhere to be found.
