RE: Fraudulent transfer of Water Right No. 96-9196

I have just become aware that Water Right No. 96-9196, which has been jointly owned by my sister, Mary E. Pandrea and I since 2004, has been fraudulently transferred solely into the name of Mary E. Pandrea.

I note that in her letter to the Department of Water Resources dated February 21, 2014, Ms. Pandrea, purports to speak on my behalf in regards to my property. Ms. Pandrea, however, has no authority to speak on my behalf and she does not represent my interests. She transferred the water rights without my knowledge or consent.

Ms. Pandrea and I jointly owned three parcels of adjacent land, the property to which the water rights, which were originally our father's water rights dating back to 1957, attach. One of those parcels, containing approximately 5.3 acres, is now owned solely by me. As Ms. Pandrea informed you, the other two parcels, which total 23.162 acres, have recently been partitioned by judgment in a court partition action. In that action, Ms. Pandrea retained 12.162 acres and I retained 10.423 acres.

What Ms. Pandrea neglected to inform you is that the court's judgment in the partition action dated January 24, 2014, did not adjudicate the water rights attached to those properties. Additionally, Ms. Pandrea and I have not entered into any agreement in regards to those water rights. Thus, Ms. Pandrea had no authority to transfer my water rights solely into her name.

At the present time, I own approximately 15.723 acres of the property to which Water Right No. 96-9196 attaches. Ms. Pandrea owns 12.162 acres of the property to which this water right attaches.

I would appreciate it if you would correct your records to show that this water right continues to be jointly owned by both Ms. Pandrea and me, according to our respective interests in the property. If you need additional documentation from me other than this letter, please so notify me at the above-listed address as to what you require.

Thank you for your attention to this matter.

Kari A. Clark
