RE: Review of Ownership Change of Water Right 96-9196

Dear Ms. Clark:

The Department of Water Resources has reviewed your concerns regarding the change of ownership of water right 96-9196. This review revealed the land irrigated by this right is within the 12.739 acre parcel that Mary Pandrea was awarded by the court in accordance with Case no. CV2011-835. In this case, the court stated, "The following described twelve and 739/1000s (12.739) acres of real property and any appurtenances thereon are awarded to Plaintiff/Counterdefendant , Mary E. Pandrea."

Idaho Code § 42-220 states that all water rights confirmed by license "shall become appurtenant to, and shall pass with conveyance of, the land for which the right of use is granted".

Since the water right is considered an appurtenance of the land, and since the court's judgment awards any appurtenances to Mary E. Pandrea, the Department of Water Resources recorded this change of ownership.

If you have any documentation demonstrating a different ownership outcome for this water right, please provide it to the department with a Notice of Change of Water Right Ownership.

If you have any questions, please contact me at (208) 287-4947.

Sincerely,
