EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was not held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. Note: the petition must be received by the department within this fourteen (14) day period. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

MEMORANDUM

Date: March 14, 2014
To: File
From: Nick Van Dyke
Re: Analysis of Transfer 78941, Raymond and Celia Draper

Narrative: This transfer was filed with the intent to correct/change the amount of water delivered to the Draper property between both the Grand View Mutual Canal and the Bybee Canal. Both canals divert water from C.J. Strike Reservoir and deliver Snake River water to various portions of the Draper property located just outside of Grand View, ID. Grand View Mutual water serves the north portion of Draper's ground, Bybee water the south. See "Draper Map" attached to this memo.

Transfer originally received November 14, 2013, was amended once and also had some minor changes that did not require a third amendment. Final version of the application proposes to:

- 2-7032 currently is recorded as solely diverted from the Grand View Mutual Canal. Transfer will roughly split the right's 4.64 cfs between the Grand View Mutual Canal and the Bybee Canal.
- 2-10313 currently is recorded as solely diverted from the Grand View Mutual Canal. Transfer will move the full right's 0.16 cfs to the Bybee Canal.
- 2-63 currently is recorded as solely diverted from the Grand View Mutual Canal. It was originally proposed to move all of this right to the Bybee Canal but final version of the application will leave this right in the Grand View Mutual. *This right will be removed from the transfer.*

See attached notes dated 2/18/2014 for additional information/detail.

Note the application was advertised before the minor changes were made February 18, 2014. No re-advertisement was needed since the minor changes resulted in moving less water to the Bybee Canal.

Authority to File: Both Raymond and Celia Draper signed the application.

Water Right Validity: Both 2-7032 and 2-10313 were decreed in June of 2009. No evidence of forfeiture found.

Injury to Other Water Rights: None anticipated. Both the Grand View Mutual and Bybee Canal diversions will be measured and monitored by the watermaster for district 02.

Enlargement of Use: No enlargement concerns.

Local Public Interest: No issues identified. Application was advertised, no protests were received. A letter was provided from the Bybee Canal Company, dated December 28, 2013, indicating no issue with the Drapers moving some of their Snake River water from the Grand View Mutual to the Bybee Canal.

Beneficial Use/Conservation of Water Resources: No issues identified. Review of the application finds there is not clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.

Re: Application for Permit for a New Water Right

Dear Mr. and Mrs. Draper:

We discussed a draft application for you to seek a new water right for more Snake River irrigation water. I must apologize for overlooking a very important limitation in this regard. The site is within the Trust Water boundary upstream from Swan Falls. Due to the Swan Falls agreement regarding Trust Water, new irrigation rights from the river or from springs directly tributary to the river are not in the public interest as a matter of law. Therefore, an application for a new irrigation water right from the Snake River cannot be approved.

A new irrigation right from a surface water source other than above might be approvable assuming it is limited to 200 acres (more Trust Water limits). A new irrigation right from a well cannot be approved for this site within the Bruneau-Grand View Ground Water Management Area.

I regret an inconvenience my forgetfulness may have caused. Your \$80 overpayment in your pending transfer application will be refunded. That may take several weeks since the check must be issued by the State Controller Office.

Please let me know if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'Steve Lester'.

to Refund

APPLICATION FOR PERMIT, NEW RIGHT – NEED LETTER FROM GRAND VIEW MUTUAL CANAL CO.

The new right will use Grand View Mutual Canal to provide more water to the 2-7032 acres with one exception as follows.

2-7032 includes 4.40 cfs for 278 acres. No other Snake River rights cover those acres. Those acres can have more river water:

$$\frac{4.40 \text{ cfs}}{278 \text{ acres}} = 0.01583 \text{ cfs/acre}$$

$$0.02 \text{ cfs/acre} - 0.01583 \text{ cfs/acre} = 0.00417 \text{ cfs/acre to get } 0.02 \text{ cfs/acre (1" per acre).}$$

A new right limited to 200 acres should avoid Trust Water complications. The new right will cover 200 acres in the 278 acres place of use.

$$200 \text{ acres} \times 0.00417 \text{ cfs/acre} = 0.83 \text{ cfs for new right for 200 acres within 278 acres place of use.}$$

Application for Permit fee for 0.83 cfs is \$250, minus \$80 from excess fee in transfer, \$170 balance due.

UPDATE 2/6/2014 – forgot!! Trust Water Rules do not allow new irrigation rights from Snake River

NO!
