This application proposes the diversion

and use of water from waste water and

ground water tributary of the Salmon Wild

& Scenic River. The decreed minimum

stream flow rights for the federal Wild &

Scenic Rivers are subordinate to certain

categories of water use and to specific

amounts of water use established after the

minimum stream flow. The water use pro-

posed in this application will benefit from

the subordination provision because the

diversion rate .05 cfs and for diversion to

storage, aesthetic storage, recreation stor-

age and fish propagation will be applied to

the subordination amounts specified in the

decree for the Wild & Scenic River listed

above.

This application proposes the diversion and use of water from springs tributary of the Salmon Wild & Scenic River. The decreed minimum stream flow rights for the federal Wild & Scenic Rivers are subordinate to certain categories of water use and to specific amounts of water use established after the minimum stream flow. The water use proposed in this application will benefit from the subordination provision because the diversion rate 2.24 cfs and 74.8 acres will be applied to the subordination amounts specified in the decree for the Wild & Scenic River listed above. Permits will be subject to all prior water rights. For additional information concerning the property location, contact Eastern Region office at (208) 525-7161. Protests may be submitted based on the criteria of Idaho Code § 42-203A. Any protest against the approval of this application must be filed with the Director, Dept. of Water Resources, Eastern Region, 900 N Skyline Dr Ste A, Idaho Falls ID 83402 together with a protest fee of \$25.00 for each application on or before February 24, 2014. The protestant must also send a copy of the protest to the applicant.

GARY SPACKMAN, Director
