Re: Protest of Transfer No. 78646 Teton Pipeline Association, Inc.

Dear IDWR,

The United States Department of the Interior Bureau of Land Management filed a protest against Transfer No. 78646 on July 10, 2013. The basis of the protest is that the proposed digital service area boundary overlaps federal public lands in the SENE Section 21, T07N, R43E. The BLM stated that an amendment of the digital boundary to remove the federal lands is necessary for resolution of the protest.

The digital boundary has been amended to remove the federal public lands, which were erroneously included, as specified in the protest. Amended Attachment #7a illustrates the new digital boundary, and more specifically, the area in question. A copy of the shapefile of the boundary will be sent electronically upon request.

Respectfully,

A handwritten signature in blue ink that reads "Kristin Moore".
