Sharla,

RE: Transfer 79189, Northern Agriculture V LLC (31-11775 et al)

Part 1 B. 4. describes the PPU desired in terms of sections and QQs, but is missing the township and range description. It appears that the POUs should lie on private land within T08N, R38E, which would be consistent with the current POUs (prior to transfer), map attached to transfer, and the newspaper publication.

BLM is not concerned with the application for transfer and is just sharing info it discovered during the course of its routine review.
