

MEMORANDUM

Date: April 2, 2014
To: Water Right File: 63-31183
From: Michele Edl
Re: Micron Annual Report to IDWR

On March 14, 2014, the department received the annual report from Ricky L Murray, (Manager Water and Chemical Services, Micron Technology Inc,) which is required by 63-31183.

On March 21, 2014, I was asked to review the report for completeness, request more information if needed and to memo the file with my findings.

The report included hydrographs and a table summarizing well/recharge operations, but did not include the support data for the graphs.

I requested that support data from Mr. Murray, who in turn requested it of Mr. John Nielsen, the Micron employee who had prepared the report. Today, Mr. Nielsen provided the support data in the form of an Excel spreadsheet which included the earlier submittal and the additional information I requested.

I have reviewed the submittals and found that they satisfy the requirement for an annual analysis and report.
