

MEMORANDUM

TO: Water Right 81-11998

FROM: Patrick Kelly – Water Resource Agent

DATE: April 14, 2014

SUBJECT: Review of Water Right File for Licensing

We received a notice from the Rodgers that the wrong property was identified as place of use and diversion on water right 81-11998. Confusion was created due to a significant spatial shift of taxlot data. The map that was submitted with the application is correct and changes were made to the POU & POD database. Since nothing is changing in regards to use limits, we are simply making the map changes and are not filing a petition for reconsideration.
