Subject: Permit # 67-14886 (Bob Shoemaker)

Good Morning Darla,

I spoke with Bob Shoemaker on Friday afternoon concerning his permit for his pond north of Midvale. Specifically, he's requesting to waive the measuring device and lockable diverting works. I'm familiar with the pond and drainage. It only runs water in the spring during snow melt, and there are no other water rights, or even opportunity for others to use the water. I have no problem with waiving the requirements as stated for this right. If you have questions or need additional information from me, please let me know!

Have a Great Day!
