RE: Change of Ownership Information 45-10002, 45-7632

Dear Mr. Jones,

Per our conversation, I am enclosing a copy of the **Notice of Change in Water Right Ownership** form. This is the form you will need to change the ownership and mailing on water rights 45-10002 and 45-7632 (enclosed).

Once completed, you will need to send it into the Southern Region office of IDWR at:

IDWR
650 ADDISON AVE W, STE 500
TWIN FALLS ID 83301-5858

I wasn't able to find a surface water right in the name of Walter Johnson, Earl Johnson or W & M Johnson Farms LLC. But it does appear that the western 80 acres (T11S R23E, S13, W½ SW¼) fall within the service area of Burley Irrigation District. If you have shares with Burley Irrigation District (208.678.2511), you will need to contact them to verify that they have the correct mailing address. This could be who you spoke with a couple of years ago to get your address updated. This would make sense since we don't have records of receiving a Notice of Change in Water Right ownership in the past.

I am at a loss as far as the certified letter is concerned. I don't see record of sending anything recently. It could be that it was sent from Water District 140 or Burley Irrigation District. Or it could be that it just hasn't been scanned into our database yet so I can't see it. You had mentioned that the letter will be forwarded to you so hopefully when you get it, it will answer some questions. If I am incorrect with the understanding that the letter will be forwarded to you, perhaps you can contact the person that received it and get some additional information to help me track it down. For example, if I knew who signed the letter or if there is any reference to a water right number, I would have a better chance on finding the source of the mailing.

Respectfully submitted,

Craig L. Saxton
