Re: Amended Transfer Application for Albion 12 Investments
Project No. 909-01-2006

Dear Jim,

I appreciate your effort to come to Albion and take a measurement location on the Howell Creek diversion point used by Albion 12 Investments. As we discussed, IDWR confirmed the conclusion reached by Brockway Engineering that the primary diversion point from Howell Creek is located on Albion 12 Investments property.

We have amended transfer application 78891 to reflect that the new points of diversion for water right nos. 45-256A, 45-284C, and 45-286 will not be located on BLM property. According to Fred Price, BLM, this will resolve their protest to the water right transfer.

The application fee for this transfer was submitted in Oct. 2013. If you have any questions, please do not hesitate to contact me.

Regards,

G. Erick Powell, P.E.
