

CONVERSATION MEMORANDUM

To: Transfer 78891 – Albion 12 Investments
From: Denise Maline
Date: April 9, 2014
Subject: Protest status

William Parsons called today, inquiring about the status of protested transfer for Albion 12 Investments; and the pre-hearing set for April 15. He was also inquiring about a withdrawal of protest from Bureau of Land Management. Mr. Parsons informed me that he represents the applicant, Albion 12 Investments.

I informed him that the department has not yet received an official withdrawal of protest from BLM; therefore they are still considered a party to the case. There is also another protestant, Grant Clark, which remains unresolved.

We received an amended application for transfer for Albion 12, on April 7. This was in efforts to resolve the protest filed by BLM; however we have not yet received the necessary written withdrawal of protest. When I told Mr. Parsons about this; he indicated that he would just consider BLM's protest as "resolved"; and he'd continue his efforts with Mr. Clark to resolve that protest, etc. Parsons, Albion 12, Clark and Tribe (Clark's attorney) have a meeting on Friday the 11th to discuss the protest issues.

I let Mr. Parsons know that the department cannot consider the BLM's protest to be resolved or withdrawn until we receive the actual written withdrawal of protest. And until all protests are resolved &/or Allen makes a decision otherwise; the pre-hearing is still set for Tuesday the 15th.
