RE: Permit No. 13-7784

Dear Permit Holder(s):

On March 4, 2013, the Department approved water right permit 13-7784. The application for permit requested (1) year to complete work and apply water to beneficial use, therefore the permit proof of beneficial use due date of April 1, 2014 was set.

On January 31, 2014, the Department notified you by certified mail that proof of beneficial use was due by April 1, 2014. The Department then notified you on April 7, 2014, the permit had lapsed since proof of beneficial use or an extension of time was not received.

The Department discovered the Request for Extension of Time in papers received from our Eastern Regional Office.

The Department recognizes the error on our part and wants you to know that this permit has not lapsed. The Request for Extension of Time will be processed and you will be notified when that action takes place.

Please discard the lapse notice that you received from the Department. We apologize for the error on our part.

If you have any questions, please feel free to contact me at (208) 287-4942.

Sincerely,

Jean Hersley
Technical Records Specialist II
