Re: Application for Permit No. 37-22858

Dear Allen:

Pursuant to David Daniel's letter dated April 2, 2014, wherein he has agreed to reduce the quantity of water appropriated for domestic and stock water to .02 cfs, Big Wood Canal Company will withdraw its protest.

To be clear, it is my understanding, that the permit will be for .02 cfs only, there will be no additional withdrawal authorized. With that understanding, on behalf of Big Wood Canal Company we officially withdraw the protest previously filed.

Sincerely,

Craig D. Hobdey
