Re: Application for Permit No. 63-33913

Dear Applicant:

Your recent application for permit regarding ground water is being processed. To assist the Idaho Department of Water Resources (IDWR) in completing the initial processing steps, please submit additional information required by I. C. § 42-203A(5)(a-e) for "large diversion projects." This requirement includes the following items discussed in Water Appropriation Rule 40, Rule Subsections 040.05c through 040.05g (copy attached):

1. effect on existing water rights
2. sufficiency of water supply
3. good faith, delay or speculative purposes
4. financial resources
5. local public interest.

In the case of your application, we are requesting information specifically for items c(ii) and c(iii). If you wish to seek help in putting together information regarding supply and prevention of injury to nearby wells, you may use the enclosed list of consultants that have substantial experience in providing such information. The Department will waive the remaining portions of Rule 40 for this application.

We will proceed with advertising of the application while we wait for submittal of this information. You may seek additional time to provide the information if necessary. Your written response is needed within the next sixty (60) days. The application will be voided without a timely written reply. Refunds are not available for voided applications or for applications that have been advertised.

IDWR rules, forms and other information are available on the Internet at www.idwr.idaho.gov. Please contact me at 208-334-2190 if you need more information. Thank you for your attention to these matters.

Sincerely,

SHARLA CURTIS
Sr. Water Resource Agent
