PROOF DEFICIENCY LETTER

RE: Permit No. 36-16948

Dear Permit Holder(s):

During my review of your statement of completion ("proof") for this water right, I noticed that the license examination fee was not fully paid at the time of filing proof. Your proof statement cannot be processed without submittal of the entire license examination fee.

The permit was issued with a maximum diversion rate of 6.00 cfs from waste water. Based on your maximum diversion rate the exam fee is \$225.00, and the amount still owed is \$125.00. The License examination fee is based upon the diversion rate or the amount of storage, whichever is greater.

I also found one condition of this permit that has not been complied with. Condition no. 5 of this permit which states:

"Prior to diversion of water under this right, the right holder shall install and maintain a measuring device of a type acceptable to the Department as part of the diverting works."

Upon receipt of the additional \$125.00 owed for the license examination and compliance with permit condition no. 5, I will be able to move forward with processing your proof. Enclosed is a copy of this permit for your reference.

I will hold this matter for your response for fifteen (30) days from the date of this letter. If you have any questions, please contact me at (208) 287-4945.

Sincerely,

Darla Block
