Subject: Re: Request for Extension of Time filed for Permit No. 63-12519

Sorry for getting back so late. I would like to get a five year extension instead of the three years.

Thank you, Pete

Mr. Doornenbal,

I am forwarding this email I previously sent you on March 18th, as I need a response as soon as possible so I can get your Extension Request processed. Please see the email needing a response from you below.

Sincerely,

Re: Extension Request filed for permit no. 63-12519

Dear Mr. Doornenbal:

The Department is in receipt of your request for extension of time form to submit proof of beneficial use for the above mentioned water right permit.

You have asked for a 3 year extension. According to Section 42-204, Idaho Code, you are allowed an initial development period of 5 years and only one extension request after that for up to 5 more years.

All of the initial 5 year development period allowed has been used. **This extension request is considered to be your last extension request allowed for due diligence.** Would you like to leave your extension request as 3 year extension, or would you prefer to have the full 5 years you are allowed on this last extension?

In order for me to modify your request for extension of time form I need written request from you stating that you would like to have your extension request form modified to reflect a 5 year extension in lieu of the 3 years currently requested. A reply to this email could be used as your written request to have me modify your form submitted for the above referenced water right permit. Please respond as soon as possible.

Sincerely,

Darla Block
