Re: Application For Permit to Appropriate the Public Waters of the State of Idaho

Dear Mr. Regehr:

The Idaho Department of Water Resources in reviewing your recently submitted application for a new water right find there isn't enough information in order to process the application. Developing an application that includes the storage of water can be complicated at best. Elements such as the surface area, average depth, evaporation and seepage rates for each pond need to be included.

I suggest you give me a call, so we can schedule a time when you can meet with me, at the Coeur d'Alene office, so I can help you finalize the application. My direct phone line is 208-762-2806.

Thank you.

Sincerely,

Keith E Franklin

Application For Permit No. 98-7937

Dear Applicant(s):

The Department of Water Resources has received your water right application. Please refer to the number referenced above in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the BONNERS FERRY HERALD on 4/3/2014 and 4/10/2014. Protests to this application may be submitted for a period ending ten (10) days after the second publication.

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the permit.

Please contact this office if you have any questions regarding the application.

Sincerely,

A handwritten signature in black ink that reads "Keith Franklin".
