Re: Notice of Extension of Time for Completing New Well for Transfer No. 78471 in the Name of Janey Roundy and Kamlah Roundy, water rights 31- 10405A, 31-10405B, 31-4089, 31-4090, and 31-4117.

Dear Mr. Jordan:

Rocky Mountain Environmental Associates Inc. (RMEA) is providing this letter in behalf of Mr. Roundy. The purpose of this letter is notification to the Department for extension of time for completing the referenced transfer.

Mr. Roundy's transfer was approved on May 24, 2013 and along with the transfer was a condition that stated the transfer must be completed by one (1) years' time.

Mr. Roundy has engaged the services of Denning Well Drilling. Denning will not be able to drill the well in time for the forthcoming 2014 irrigation season. Hence, the plan is to drill the new well during fall 2014 instead. Transfer acres contemplated in the referenced transfer have already been accomplished.

When the drilling of the new well is ready to occur, we anticipate Denning or Mr. Roundy, at that time, obtaining a new drilling permit from IDWR without undue hardship. If this will not be the case, we hope that you will advise us otherwise.

Please don't hesitate to contact us at (208) 524-2353 or at the email address rwarner@rockymountainenvironmental.com with any questions or concerns.

Sincerely,

W. Roger Warner, Hydrologist M.S.
Vice President
