Craig and Shelley,

We hand-delivered the field licensing examination for the City of Meridian's amended Permit No. 63-31630 to the Department at closing time yesterday (the proof due date). In our haste to meet the deadline, I failed to include a complementary CD with the scanned document on it as I normally do to save the Department having to scan it and because we put it in electronic format for our client anyway.

I am sending the pdf-format document by today's US Mail (too large of a file to e-mail) on compact disc if you want to hold your staff off a day from scanning it in to the Department's data base.
