Idaho Department of Water Resources

Idaho Falls, Idaho

On March 17, 2014 I filed a protest against Clark Cox's Application for a Permit No. 13-7908 to divert water for watering his cattle. I met with Clark on Friday, March 21 and visited the proposed sites. I have determined that the Spring in question is not the unnamed Spring licensed to VR Fisher (13-2116) and now belonging to me as well as some others as one of his heirs and assigns. I am therefore withdrawing my protest.

Thank you for your assistance and attention to this matter.

Sincerely,
